## AROUND the TOWNSHIP

Rare presence of mind—the ability to think and act quickly in a crisis—last Sunday gave to Mrs. Andrew Anderson of Alvarado the claim to a niche in the Hall of Fame.

When her three-year-old son, Stanley, tumbled off the front porch of their flooded Watkins Street home he struck head downward in the water. So quickly did his mother rescue him from his plight that he suffered no ill effects. For a matter of seconds the child's life was in the balance where only quick thought and heroic action could save him.

Soon we will be getting used to the sight of a big white truck clanging its way to the end of a fire alarm—if the Niles department sees fit to adopt a recommendation by the chamber of commerce.

And, certainly, if the new safety regulations are going to designate white trucks instead of red, we may as well lead the procession. If the new Niles truck is white, we won't have to change it from red later on.

Township residents were shocked to learn in the radio news reports of last Monday that flood waters had invaded Centerville and two persons were reported to have been drowned.

Subsequent investigation revealed that Centerville was located in Fresno County in the foothills leading to Kings River canyon, far removed from Centerville in Alameda County and Washington Township.

This is another reason why we spread Thanksgiving over 365 days of the year.

Who put the dummy on the main street of Centerville? We mean the one lying down in front of Madrug's garage a few mornings ago. A special committee of investigation so far has failed to solve the mystery.

Frank Pimentel found the figure stretched on the sidewalk in front of the garage and somebody put it in Judge Allen G. Norris' garage behind his office. When the judge arrived he honked vigorously at the reclining figure and when able to get no response got out of the car and gave it a gentle tap with the toe of his boot.

Something phooey, thought the judge and examination proved the man only a bundle of Oakland Tribunes and pages of the history of the Oakland Fire Department stuffed into cords, blue shirt, shoes and felt hat.

The question is "Who Done It?"—Madruga for a little extra publicity, the judge for campaign propaganda or the newspaper circulation department represented in the stuffing of the body thereof?

## Neighbor Notarians Shower Niles Club with Handsome Equipment at Charter Event

NILES—Even old-timers do not remember a more delightful party and one of more distinction than that which marked the presentation of the charter to the new Niles Rotary Club on Thursday night, Dec. 9.

Visiting Rotary officials declared they had not witnessed a more impressive charter presentation.

Included in the more than 300 guests assembled at invitation of the Hayward Rotary club, sponsoring group, were representatives of 18 Rotary clubs, district and state officers, county and local officials and heads of other civic bodies.

The new club was showered with gifts valued at several hundred dollars. Being the first club to receive its charter in District No. 105, and to have come into being in the year of the International Convention of Rotary to be held in San Francisco, the Niles Club was said to have a most auspicious beginning.

The charter was presented by District Governor Allison Ware of District No. 105 and Past President of the Chico Club and was received by President C. W. Kraft of the Niles Club.

The speaker of the evening was Dr. Tully C. Knoles, president of the College of the Pacific, governor of District No. 106 and past president of the Stockton Club.

The turkey dinner was served by the Washington Township Post of the American Legion and the Auxiliary. Christmas decorations added to the festivity of the occasion.

Following the charter ceremonies, a program of entertainment was presented under the direction of Al Frager, president of the Hayward Club. Radio artists and members of the San Francisco Grand Opera Co., were included in the excellent offerings on the stage. Parking and checking were cared for by the Niles Troop of Boy Scouts under direction of Scoutmaster Lawrence Pine.

Local arrangements were made by President Kraft, Secretary R. C. Attinger, E. D. Bristow and W. T. Lindsay.

Ralph Anderson of Hayward, special representative of the district governor, opened the meeting. The invocation was offered by Rev. W. A. Pankey of Hayward. H. J. Brunnier, charter member of the San Francisco Club and first district governor of the second district, acted as toastmaster. Fellowship singing was led by Nils Kluft with Belton Fleisher at the piano.

Distinguished guests included Mrs. Brunnier, Mrs. Knoles, Mrs.

### COUPLE CELEBRATE ON WEDDING DAY

NILES—Mr. and Mrs. F. J. Young of Niles Glen celebrated their 55th wedding anniversary on Monday. With them were nieces and nephews of Oakland and Berkeley and a grand-son, Ramon Barnum of Niles.

### County To Light Highway Turns In Near Future

NILES—Niles industries will be represented on the committee for the Golden Gate International Exposition in 1939, a committee having been appointed at Monday's luncheon meeting of the local body at the request of the Oakland Chamber of Commerce.

Members of the committee are George C. Roeding, Jr., of the California Nursery Co., C. W. Kraft of the Kraftile Company, E. A. Ellsworth for real estate, John E. Kimber for poultry industry and A. J. Petsche and W. B. Kirk to represent the Chamber of Commerce.

Gordon Lang, county agricultural department representative, reported that 40 car loads of nursery stock had been inspected by the department for out of state shipments this season.

Ellsworth stated that the section of highway between Thane's Corner and the Niles Canyon underpass had been returned to the county by the State Highway Department and that the Board of Supervisors would issue orders in the immediate future for transferring the lights to the new highway. A committee headed by Ellsworth and A. J. Petsche will designate location of the lights on the new road.

George Bonde recommended that Petsche be authorized to make necessary arrangements for the lighting of the Niles outdoor Christmas tree.

The chamber recommended to the fire department that the new fire truck which has been ordered for the district be painted white in keeping with the new safety regulations which advocate use of white instead of red for fire engines.

H. L. Scott was recommended for appointment on the sanitary commission to succeed the late Frank Nunes.

### PLANS MADE FOR CEREMONY ON CHRISTMAS DAY FOR YOUNG COUPLE

ALVARADO—A Christmas Day wedding has been planned for Miss Alice Morse and Oliver Dudley Burr of Hayward. The groom-elect is the son of Mr. and Mrs. E. Willard Burr, formerly of Alvarado, and well known throughout Washington Township.

The bride-to-be is a graduate of the University of California where she was a member of the Sigma Kappa Sorority. Mr. Burr, now in business in Oakland, also attended the University of California and was a member of the Phi Delta Theta Fraternity and the Skull and Keys honor society.

The wedding will take place at the Trinity Episcopal Church at Hayward.

## Flood Waters at Alvarado Cover Portion of Town

ALVARADO—Streets in Alvarado were flooded this week for the first time in 20 years, during a state-wide downpour which left damage and death in many sections but which did little harm in Washington Township.

A levee broke early Sunday morning on the Higan ranch at Alvarado near the Holly Sugar Plant and flooded a good portion of the town. Watkins and Canal streets remained covered with water on Monday, basements being filled and two families being forced to vacate.

Those residing on Watkins street which was covered with two feet of water are the following families: M. P. Munger, Manuel Hendricks, Andrew Anderson, Manuel Costa, A. K. Culver, L. H. Orelli, Evan Cole, George Hicking, Leslie Hiller and Manuel Lopes.

The level of the Calaveras Dam raised five feet in 24 hours and Alameda Creek in Niles Canyon reached flood proportions. The highways were open, however, with the exception of the Marsh road between Alvarado and Centerville and there were only small slides of rocks and mud in the canyon. Niles underpasses remained dry and the prophesied slides on the Centerville cut-off failed to appear.

Apprehension was felt at the Pacific Coast Aggregates Plant when the creek continued to rise but decrease in the creek Saturday night eliminated danger to machinery.

Portions of the highway were covered with mud and debris. The heaviest downpour during the storm took place last Sunday morning about 6 o'clock. Harvey Braun reported 1.58 inches of rain during that particular 24 hours. More than six times as much rain has fallen this season to date as recorded at a similar date last year.

## Christmas Story Told In Tableau And Carol Sunday

NILES—The Christmas story will be told with scripture reading, carols and tableaux at the Niles Congregational church Sunday night beginning at 7:30 o'clock. The public is invited.

The program will be given by Miss Beth Constance, pianist; Genevieve McGowan and Malcolm McGowan, violinists; Mrs. Lawrence Bunting, Jr., Miss June Farrington, Clark Griffin and Richard Day, quartet; W. T. Lindsay, reader; Hoyt Duffy, lighting; Mrs. W. T. Lindsay, Mrs. Kate Franklin and Mrs. F. H. Duffey, costumes; Mrs. R. C. Attinger and Mrs. Reginald Calhoun, committee to make surpluses.

The story of the pageant is told in tableaux and carols and in Luke's version of the Christmas night. The seven tableaux will represent the annunciation to the virgin, Mary's visit to Elizabeth, the prophecy of Zacharias, the manger scene, the visit of the shepherds, the adoration of the Magi and "The Light of the World".

Following the tableaux picturing the manger birth, the quartet will sing "In Bethlehem's home was there found no room," and the choir answers, "O Come to my Heart, Lord Jesus, there is room in my heart for Thee." The angel appears with a lighted taper and the children of the intermediate and junior departments form a procession singing "O Come All Ye Faithful." They march to the rostrum and light their candles at the angel's taper.

Those taking part in the tableaux are Mary, Margaret Williamson; Joseph, Cloise Van Camp; the angel, Betty Denton; Elizabeth, Elizabeth Lindsay; Zacharias, Doremus Scudder; the shepherds, Douglas Cayard, Bill Myrick, Glenn Kerns, Glenn Van Camp; the Wise Men, John Fong, LeRoy Kerns and Alvin Rose.

STANDARD FORD V-8 . . . 112" wheelbase; 85 or 60 horsepower engine; Improved Easy-Action Safety Brakes; Center-Poise Ride; All-steel body; Broadcloth or Mohair upholstery, Mohair extra in "60"; Mahogany-finished trim; One tail light, sun visor; Twin horns; 3 body types; 3 colors.

FORD offers two new cars for 1938—the Standard Ford V-8 and the De Luxe Ford V-8. They are different in appearance—but built to the same high standard of mechanical excellence—on the same chassis.

Because people liked our 1937 car so well, they bought more than of any other make. They liked its looks, its smooth performance, and the way it handled. We have improved on that car in the newly styled Standard Ford V-8.

But some folks wanted still more size and style, with the same Ford advantages. For them, we designed a new De Luxe line.

The De Luxe Ford V-8 Sedans are longer with more room, larger luggage space, and finer appointments all around.

De Luxe cars are equipped with the 85-horsepower engine only.

The Standard is even lower priced than the De Luxe. It has graceful new lines and well-tailored interiors—with a choice of engine sizes—85 or 60 horsepower.

Before Ford made V-type 8-cylinder engines available to every one, they were used only in expensive cars. Since then, four million Ford owners have learned the genuine enjoyment of driving an eight-cylinder car with all-around economy. The thrifty "60" engine, especially, makes possible in Standard models a very low first cost and equally low operating cost. With two distinct designs, two engine sizes and two price ranges, you'll find a 1938 Ford car to fit your needs exactly.

PRICES FOR CARS DELIVERED IN

NILES—The most successful affair yet given by the Arts and Crafts Guild of Washington Township was the annual Christmas dinner party given at the home of Mr. and Mrs. J. C. Shinn last Saturday night. Forty-five were present to enjoy the turkey dinner and informal program which followed.

The guest artist for the occasion was Lawrence Sherrill of the San Francisco Grand Opera Company who has entertained Washington Township groups several times previously. Mr. Sherrill recently returned from Los Angeles where he appeared during the opera season. He will return South after the holidays for seven concerts.

Accompanying Mr. Sherrill and also offering other musical numbers was Henri Salz, concert pianist, of Irvington. Others taking part on the program were Mrs. Dwight Thornburg, Miss Mary Richmond, Mrs. Wesley Dexter Gordon, Mrs. Lawrence Bunting, Jr., Miss Marcella Norris, Gladys Vieri and Clark Griffin. Wesley Gordon, founder of the guild, acted as master of ceremonies.

The committee in charge was composed of Lorraine Salz, Ethel Grau, Gladys Williamson, Mrs. C. B. Overacker, D. R. Rees and Gladys Vieri. Decorations arranged by Mrs. Grau and Mrs. Lawrence Bunting, Sr., included individual miniature Christmas trees for the tables.

Personally representing Santa Claus was D. R. Rees who presented each of those present with a gift and a box of candy. Games and community singing completed the program.

### NILES ORCHARDIST FINDS AAA SOIL PLAN HELPFUL FOR APRICOTS

The Shinn family of Alameda County is noted for its orchards, and the one belonging to Joseph C. Shinn, Jr., of Niles, which is located on the Centerville Road, is no exception.

So when the Agricultural Conservation Program came along with its special provisions for helping orchardists to improve their soil, Mr. Shinn put a cover on ten of his 14 acres of orchard. He also diverted 2 of his 15 acres of truck to a soil-conserving crop.

"Since I put in a cover crop between my apricot trees," Mr. Shinn told S. E. Smith, County Conservation Association secretary, "I can irrigate all the way down. Formerly I could only get down about 5 feet, even when I let the water stand for a couple of weeks. Plowing under some horse beans and oats between my rows has also helped. My father improved his land a great deal by growing grass in his orchard and then plowing it under for green manure. So it's right in the family tradition."

"The conservation program has got the orchardists to doing some thinking about cover crops. A few years ago, there was a regular mania for keeping the ground clean and no one would bother with cover crops. Now, more and more of them are talking about cover crops. They are putting them in and finding it worth while."

Mr. Shinn thinks it would be much better for the farmers and for the land if some of the hills in Alameda County on which peas, corn and other cash crops are grown could be left in pasture. He is a member of the Alameda County Agricultural Conservation Committee.

## A QUESTION

A few days ago one of our prominent citizens visited our funeral home and was shown the splendid facilities we have provided here for serving our patrons.

"This is all very fine," he said, "But doesn't it make your service rather expensive?" We explained that on account of the efficiency secured through the use of a building designed for the purpose, the comforts of this modern mortuary do not add to the cost of a funeral.

## A SHAVE FOR SANTA?

No longer ago than grandfather's time, whiskers made the man!

Even the most dapper lady's man, with glistening pomaded hair and burnished patent-leather shoes, nearly always sported the virile adornment of a smartly tailored mustache and a swathe of sideburns.

But since the turn of the century, it's been definitely "Good-bye to all that!"

Yet we've always been able to believe there was a certain unchangeableness in the flow of time and tide, because his face unflinchingly set against this era of smooth-shaven men—old Santa Claus kept to his handsome foliage of snowy-white beard.

That streaming cascade of wavy whiskers gives to the merry gentleman in undeniable dignity and charm. Without it, he—well, he would simply look like a rank impostor!

And now a gentleman from New York announces the start of a campaign to strip the whiskers off Santa Claus! For the past five years this particular crusader has been waging a battle against men wearing hair on their chests. Today he's seeking new fields of conquest.

"Santa Claus," he asserts, "is the root of the whisker evil. Those of us who are against whiskers have decided to attack the problem at its source. Of all forms of whiskers, Santa Claus are the most insidious because they affect the young."

We believe this crusader is doomed to failure. What would Santa Claus be without whiskers? Like Christmas without trees, like California without poppies! Let no razor touch a whisker of the jolly old gentleman!

## WELCOME HOME, LINDY!

Silently as they left two years ago, the Lindberghs stole back this week to spend Christmas at home, ending their self-imposed exile.

The country was as astounded at their return as it had been at their departure. Millions thrilled to the name of Lindy, whose saga of flight had stirred the imagination of the world.

News of their departure came as a surprise to the British public, which had welcomed their arrival with some complacency. At that time, the Daily Herald remarked that "the shock received by millions of Americans is comparable only to that which would occur in England, should the Prince of Wales announce he no longer felt secure in his own country."

Scarcely a year passed, when the British also suffered the shock of sending, not a Prince, but their King into voluntary exile. As Yuletide approaches—that season so dear to the Anglo-Saxon heart, so synonymous with home and loved ones—the Duke of Windsor and his American wife are still estranged from their native land.

But the Lone Eagle and his mate have returned to us. From the heart of a nation which loves and admires them, which has throbbed to their exploits, sympathized with their sorrow and grieved in their going, echoes the spontaneous cry—"Welcome home, Lindy!"

Coming Nuptials  
Announced At  
Yule Luncheon

IRVINGTON—Announcement of the engagement of Miss Miriam Jeanne Slater, formerly of Irvington, and Gordon Matthews Pond was made at a luncheon last Saturday given by Miss Evelyn Pond, sister of the groom-elect. Date has not been set for the wedding.

The luncheon table was attractively decorated with a center depicting a chimney and Santa Claus with his pack. Ribbon streamers reached to the places of each guest with tiny packages containing an engagement ring and cards bearing announcement of the coming nuptials. Those present were Misses Jeanne Slater, Katherine Rathbone, Bernice Weber, Leona Solon, Lois McIntire, Ruth Terkleson, Evelyn Arthur, Darlene Amick, Rosetta Clark, Estelle Martenstein, Mildred Durham, Evelyn Pond and Mesdames A. B. Hirsch, Lloyd Fournier, B. F. Hawes, M. F. Slater and R. L. Pond.

The bride to be is the daughter of Mr. and Mrs. M. F. Slater of Oakland. She is the niece of Mrs. John D. Haar of Hayward and Mrs. Howard Burgess of Piedmont. She is a graduate of the Irvington grammar school and the Oakland High School. She attended Merritt Business College.

The groom-elect is the son of Raymond L. Pond, Irvington drug-

gist, and Mrs. Pond, the brother of Miss Evelyn Pond of Irvington and Wallace R. Pond, pre-medical student at the University of California. He is the grandson of the late Wallace R. Pond, well-known Berkeley druggist, and Mrs. Pond, a prominent Oakland club woman. He graduated from Washington Union High School, attended San Jose State Teachers College, and graduated from the Boeing School of Aeronautics at Oakland. He was employed for a year and a half at the United Air Lines at Cheyenne and at present is connected with the Douglas Aircraft Plant at Santa Monica.

The approaching marriage is the outcome of a friendship that has continued since early childhood.

## SHIRLEY TEMPLE COMES TO NILES SUNDAY

NILES — The lovable Shirley Temple in "Heidi", a Shirley more glamorous than she has yet appeared in the picture thousands wanted her to make, will be at the Niles Theatre Sunday and Monday.

More than ever before the public shared in the making of a great picture by insisting that this beloved story be brought to the screen with Shirley as its star.

Also in the cast will be Jean Hersholt, Arthur Treacher, Helen Westley and others.

A double bill will be presented Friday and Saturday when John Boles and Jack Oakie will star in "Fight for Your Lady" and Tex Ritter will be seen in "Tex Rides with the Boy Scouts."

Ole Olsen and Chic Johnson in "All Over Town" and Smith Ballew in "Western Gold" will be shown next Wednesday and Thursday. At

Bird House Competitions  
Reveal Ingenuity on Part  
Of County School Children

NILES—Eighty-three bird houses made by children in Southern Alameda County were judged by John A. Brock, Oakland ornithologist, Saturday in company with Miss Edith Latham, president of the Latham Foundation which sponsors the project in the schools, and Mrs. Gwynn Tebault, school supervisor for the Latham Foundation work.

Twenty-three prizes were awarded, all being cameras. A subsequent snapshot contest will be open to winners of these prizes, prints to be submitted to the Latham Foundation in March.

The bird houses were assembled at Niles, Alvarado and Pleasanton. Miss Latham was enthusiastic in her praise of the work done by the three principals, E. D. Bristow, J. C. Wasley and V. B. Johnson, respectively, in encouraging pupils to take part in the contest.

Pointers of value to those who would enter the contest next time or who wish to furnish quarters for birds were given by Brock as he pointed out in detail just why some bird houses were acceptable in workmanship and design and why some excellent entries had to be ruled out because they would not be used by the birds.

A good birdhouse, stated Brock, should not be larger than eight inches long, seven inches wide and six inches in height or may be smaller. The opening for the birds must not be more than one inch

and an eighth in circumference and should be three-fourths up from the bottom of the house. This gives the birds a chance to build down inside the house to obtain protection. The small opening prevents larger birds or animals to molest the nestlings.

Many of the houses submitted though of excellent workmanship were suitable only for English sparrows which we do not particularly want to encourage, said Brock. Children should build to please the western Bluebird, the wren, crested titmouse, slender bill nuthatch, and the red-breasted nuthatch.

Niles district ranked first in number of entries, submitting 54; Alvarado district, second with 23 entries and Pleasanton district entered 6. Prizes were awarded as follows:

## (NILES DISTRICT)

1. Arthur Allen of Castro Valley a beautifully-made English cottage with tile roof, window boxes and other details worked out in flower colors not offensive to the birds. It had the proper placement of entrance, was the right size and was the outstanding piece of workmanship.

2. Albert Cunningham of Castro Valley, native trunk of tree drilled out with two entrances.

3. Annie Escalona, Decoto, small hut made of branches plastered with painted mud.

4. Earl Maderos of Decoto, natu-

al tree trunk, particularly suited to woodpeckers.

5. Ida Van Moss of Decoto, a swinging bluebird house.

6. George Guzman of Niles, made of natural wood, exceedingly light in weight.

7. Moses Oliveira of Niles, hut made of natural bark.

8. Peter Sanchez of Decoto, a shingled house.

9. Manuel Pieanco of the Edwin Markham School, Hayward.

10. Victor Cochrane of Hayward Highland School, a gourd painted black, suitable for a wren's nest.

Honorable mention was given to Robert Bunting of Niles for his natural arrangement of eucalyptus leaves and bark but was barred from a prize because of wrong kind of entrance for birds.

Prizes were presented at the Niles School on Tuesday at the Parent-Teacher Association meeting.

## Alvarado District

1. Eleanor Frances Enos of Irvington, an artistic small brown house perched in the natural limbs of a tree.

2. Ernest Wipfli of Mowry's Landing, farmhouse type surrounded by fence.

3. Mable Chieng, Lincoln School, a brown cottage.

4. Richard Dutra of Centerville.

5. Mary Chieng, Lincoln School, natural tree trunk painted blue.

6. Hugh Davis of Irvington, twig house.

7. Manuel Senteo, Lincoln School, cottage with thatched roof.

8. Manuel Silverio of Alvarado.

9. Lewis Rochs, Lincoln School, a gourd.

10. Leland Furtado, Lincoln.

(Pleasanton District)

Two brothers won first and

second prizes here, Joe and Frank Vargas of the Pleasanton Grammar School taking first and second places and August Fadie of the Murray School taking third.

Miss Latham particularly complimented Principal Bristow upon his humane education work in the Niles School. An exceptionally good showing is always made

The minister will consider the question: "Facing the stark realities of our world, shall we still cherish the Christmas dream?"

In the evening at 7:30, the Young People's Society and the Church School will present a beautiful Christmas Pageant prepared by Mrs. George Sladek.

On Wednesday afternoon at 4 o'clock the members of the Church School will be entertained with a "Birth-day Party for Jesus". Singing of Carols, games and gifts for the children, will constitute the program.
